EMPLOYMENT HISTORY & REFERENCES

Michael Minieri, CPP, CSC, CPOI, CCO, CFPS, CET, CSM,
RAM

LIVE CHAT online

2001 to present (*as customarily requested, only the most recent 16 years*)

For "job descriptions & KSAs" see the CORE COMPETENCIES page. See the EXPERIENCE page for a **sample list of 180** of the many prestigious firms and major facilities worldwide that I have served in my career.

One cannot have been a highly successful Security, Fire Protection & Life Safety Consultant for 16 years without **first** having acquired, demonstrated and proven all of the required knowledge, skills and abilities at an EXCEPTIONAL LEVEL so as to justify the confidence, trust and often significant expenditures*!

2009 to present (8 years)

Minieri Associates - Security Management Consulting & Security Systems Engineering
Worldwide

Principal Security Consultant

2003 to 2009 (6 years)

Kroll Security Group (*an MMC company - ranked 220 on the Fortune 500*)

Sr. Managing Director - Security Consulting - EMEA

*see history below (promoted 3 times) - * last CLIENT BILLING RATE for MY TIME was \$500 USD hr. (with 70% utilization quota)*

Downsized in MMC global layoffs in preparation for the sale of Kroll.

* Sr. Security Consultant - Washington, D.C.

* Promoted to Sr. Managing Security Consultant - based in Washington, D.C.

* Promoted to Sr. Managing Security Consultant for EMEA - based in London

* Promoted to Sr. Managing Director - Security Consulting - EMEA - based in Dubai

2001 to 2003 (2 years)

TRC Solutions (ranked 208 in the Top 225 International Design Firms)

Sr. Security Consultant

see history below (promoted)

* Security Consultant - based in Metro Los Angeles

* Promoted to Sr. Security Consultant - based in Metro Houston

Previous Positions *Please ask about my prior relevant experience in the protection of lives, property and other tangible and intangible assets. My career started while first attending college when working nights and weekends as an armed security guard at the age of 18 (image) . Experience includes **Security Management positions through Sr. VP level** having manned guarding, protection systems and the full scope of security department / division responsibilities.*

PROFESSIONAL REFERENCES & ENDORSEMENTS : (with current contact links)

My performance has resulted in unsolicited promotions at average intervals in the range of 2 to 3 years throughout much of my career ... an exceptional rate of advancement for any employee. No need to take my word for it ... below is a sample of what **some who know me and my work very well** have to say, and links to contact them

"I always found Michael to be very knowledgeable and current on new trends, equipment and products and most importantly, their application in the field. Michael quickly grasps the essentials of the project, understands the nuances but is able to see the big picture and how it all comes together. He is responsive and mission oriented." [Bruce Goslin](#)

"I had the pleasure of working with Michael over a period of three years, on my last project while employed with Abu Dhabi Investment Authority ... I found his wealth of knowledge and experience of the security industry and practices, of immense value in assisting us to implement a functional state-of-the-art solution on our premises. Michael contributed in raising the prevailing benchmark levels for security design in our domain. He often had to work through difficult circumstances, around the demands of client requirements, but his professional ability and conduct was always impeccable. On a personal level I consider myself privileged to have had the opportunity to work with Michael and I value his friendship and respect his professionalism

.*" Shahid Yusuf, Top qualities: Great Results, Personable, Expert*

"I had the good fortune to work with Michael ... Mike always exceeded my expectations. His professionalism and excellent work ethic were things I could count on. Mike supported several difficult projects and was always up to the challenge. He was deployed to Saudi Arabia to manage a long term construction management assignment and he assumed overall responsibility for a large commercial development project for the Abu Dhabi Investment Authority in the UAE. His ability to manage client requirements including the competing management interests and priorities of these complex clients was instrumental in the firm's success on these assignments. Personally, I really enjoy Mike's company. ... In addition to being an outstanding consultant, Mike always kept his eye on the business issues which kept our project objectives in focus. He is truly a rare commodity possessing strong client relationship skills and a keen eye for identifying cultural sensitivities. I hope we can find another opportunity to work together. I know it will be a good experience." Roger Hutchins

Core KSAs Á Competencies

michaelminieri.info/Core_KSAs_Competencies.html

KNOWLEDGE, SKILLS, ABILITIES (KSAs) & CORE COMPETENCIES

Michael Minieri, CPP, CSC, CPOI, CCO, CFPS, CET, CSM,
RAM

LIVE CHAT online

Comprehensive and Effective Security is ONLY achieved by planning, implementing, integrating and managing **a very extensive set of ESSENTIAL components. I have proven, demonstrated and applied all of these requisite **areas of exceptional expertise** - as listed below - in the course of my career. These elements are **CRITICAL** to successfully achieving the objectives and accomplishing the physical security related mission requirements of any company, enterprise or organization from end-to-end;**

CORPORATE ENTERPRISE SECURITY MANAGEMENT

- * Security Policies, Standards, Procedures and Guidelines Writing [\(white paper\)](#)
- * Security Master Plan Development & Implementation [\(case study\)](#)
- * Strategic Security Plan Development & Implementation [\(case study\)](#)
- * Geographic Location Based Threat / Risk Categorization Strategies [\(case study\)](#)
- * *Confidential* Internal Investigations
- * Industrial Espionage and Business Intelligence (BI) counter-measures programs [\(white paper\)](#)
- * Security Emergency, Crisis, Contingency & Continuity Plans, Management and Incident Command
- * Security Department Organizational Structuring & Re-Structuring.
- * Security Management Systems (SMS) Software Implementation : Enterprise-Wide, Global Network Based
- * Feasibility Studies *(Can it be done?...Will it be effective?...How much will it cost?)*

GUARD FORCE / SECURITY STAFF OPERATIONAL MANAGEMENT

- * Guard Force Management
- * Staffing Studies & Needs Assessments
- * Optimal Deployment Strategy / Post Determination [\(white paper\)](#)

- * Salary Surveys and Innovative Compensation, Incentive & Benefit Plans for retention and "turn-over" reduction
- * Pre-Employment Qualification Criteria
- * Complete RFP/RFQ/Tender development for Master Service Agreements (*Single-Site, National or Intl. Guard Contracts*)
- * Pre-Assignment, In-Service and On-the-Job Training Requirements
- * General Orders and Post Orders development
- * Flexible, Innovative Guard Tour, Patrol & Reporting Software Implementation ("*paperless*")

SECURITY ASSESSMENTS (*over 500 assessments completed*)

- * Physical Security Assessments (PSA) (white paper) (media release) (case study)
 - * Threat Assessments
 - * Risk Assessments
 - * Vulnerability Assessments
- * *Design Basis Threat* (DBT) Determination with Adversary Identification, Attack Scenarios & Prioritization
- * Custom PSA field tools, Assessor Training, PSA Project Management and Quality Control
- * Regulatory and Organizational Security Policy Compliance Audits
- * Security Assessments of suppliers, vendors, logistics partners, J/V firms and M&A targets .

ARCHITECTURAL AND TECHNOLOGICAL SECURITY (*including all Division 28*)

- * *Advanced* Technical competence in INTEGRATED PROTECTION SYSTEMS and all sub-components
- * Programming, Conceptual Design, Design Development (DD), Schematic Design (SD), Construction Docs (CD)
- * Detailed performance and prescriptive technical specifications in CSI/AIA standard or other designated format
- * Complete Tender/RFP/RFQ Solicitation packages and management through final acceptance.
- * Design & Engineering of *Command, Control, Communications & Crisis Centers* (C5) (example illustration)
- * Periodic On-Site inspections for progress, quality assurance and compliance with specifications and contracts (CM)
- * *Request-for-Information* (RFI) management and coordination (CA)
- * Development of Criteria, Spreadsheets, Checklists & Reports for 100% Acceptance testing, final commissioning and start-up
- * CPTED - "*Crime Prevention Through Environmental Design*"
- * Anti-Terrorism and Force Protection Planning, Design and Engineering (*including blast risk calculations & mitigation*)
- * *Access Control, and Lock & Key Control Programs (all technologies including biometrics) +*

Search Screening

- * *State-of-the-Art CCTV Systems Planning & Design (Risk Based including video analytics)*
- * *Static and Dynamic physical barriers (vehicle and pedestrian) and indoor / outdoor intrusion detection systems*

SECURITY TRAINING COURSE DEVELOPMENT & DELIVERY

- * Comprehensive Course Development with Presentation, Student Material, Exams and Instructor's Guide (current courses)
- * *Classroom, Video-Based or Online Training Course Delivery (with CPO Certification of Personnel if for guards)*
- * *Classroom Train-the-Trainer Programs (including CPOI Certification of Instructors if for guards)*
- * Training for documented compliance with Regulatory Requirements
- * Security Awareness, New Employee Security Orientations & Handbooks (*affecting a positive "security CULTURE"*)
- * Crime Prevention, Anti-Terrorism and Counter-Surveillance Awareness Programs (*affecting a positive "security CULTURE"*)
- * Crisis & Emergency Management training with exercises and drills

SAMPLE AREAS OF SPECIALIZED SECURITY EXPERTISE

- * Executive Protection (res&ofc), Exec. Travel, Corporate Aircraft Security & Close Protection Plans and Team Management
- * Security Pre-Planning & Operations for Strikes, Pickets, Labor Unrest and Labor Disputes in State and Federal Compliance
- * International Employee Travel, NGO and Expat Security
- * Kidnap for Ransom, Extortion and Hostage Prevention & Response
- * Controls for Proprietary, Confidential, Sensitive Information and Intellectual Property (white paper)
- * *Maritime* Port, Marina, Private Yacht & Commercial Ship Security for ISPS compliance, asset protection and anti-piracy.
- * Coastal Security including surface and underwater detection & surveillance systems
- * Anti-Hijacking, Assets-in-Transit & Logistics Security for people, cash, cargo and other assets using any mode.
- * Security Planning for EXTREME RISK locations anywhere in the world (case study)
- * *Permanent* Technical Surveillance Counter Measures (TSCM) systems (*i.e. boardrooms, R&D, etc.*)

FIRE PROTECTION & LIFE SAFETY (see FLS qualifications summary here)

- * Fire & Life Safety Systems Design & Engineering (*including all Division 21 and Code Analysis*)
- * Programming, Conceptual Design, Schematic Design (SD), Design Development (DD), Construction Docs (CD)
- * Full system specifications in CSI/AIA standard or other designated format
- * Complete Tender/RFP/RFQ Solicitation packages and management through final acceptance.
- * Periodic On-Site inspections for progress, quality assurance and compliance with specifications and contracts.
- * 100% Acceptance testing, final commissioning and start-up
- * Code Compliance Testing, Inspections and Maintenance Programs.
- * Emergency Evacuation Planning
- * Mustering Station Attendance and Accountability Systems Design
- * Integration Coordination for related building automation and similar systems
- * Fire Prevention and Awareness Training

SME: EXPERT WITNESS & CIVIL LITIGATION SUPPORT EXPERIENCE

Court recognized *Subject Matter Expert (SME)* in both Physical Security and Fire/Life Safety. Served in more than ten (10) cases for Defendants, Plaintiffs, Amicus Curiae and Pre-Filing with excellent results. Notable clients include *Lloyds of London Insurance*, and notable cases include the *One Meridian Plaza* litigation (\$4 Billion in Claims) in Philadelphia. This knowledge and experience ***benefits my employer*** through my awareness and understanding of potential LIABILITY, potential NEGLIGENCE and how these can be avoided and mitigated. For sample of specific cases, see list [HERE](#)

INTEGRITY: SECURITY CLEARANCES & BACKGROUND INVESTIGATIONS:

In the event that a position requires a U.S. Government Security Clearance (*S/TS/SCI, etc*), I have an up-to-present [EPSQ](#) data file on hand to accelerate the processing.

I have obtained a significant number of security clearances of various types from numerous individual federal and state government agencies. These include (*but are not limited to*)

- * U.S. Dept. of Justice / ATF (*Metal Detector Exempt access*)
- * U.S. Dept. of Treasury / IRS
- * U.S. Dept of Energy / NRC
- * U.S. Dept. of Homeland Security / USCG / TWIC
- * FL. Dept. of Law Enforcement (FDLE) / CWP
- * CO. Bureau of Investigations (CBI) / *to become commissioned police officer*

I have undergone more than a dozen polygraph exams, a handful of voice stress analysis, several psychological suitability examinations, numerous substance screenings, a few written integrity tests (*i.e. MMPI, etc.*) and been fingerprinted an estimated 20+ times ***passing all*** with flying colors. Never arrested / convicted. Personal INTEGRITY is an inherent part of my *individual character* - professional INTEGRITY is an inherent requirement for success in my chosen career field!
