

# For IMMEDIATE RELEASE!

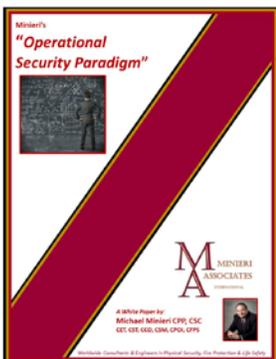

1 January 2020

**Minieri Associates International** – the worldwide security consulting firm – has released two (2) new White Papers authored by its founder and Principal Consultant. Michael Minieri CPP, CSC, CET, CSM, CCO, CPOI, CST, CSM is a 45 year industry veteran and recognized Subject Matter Expert (SME) on Physical Security, Fire Protection and Life Safety. These and other papers are available free of charge on the DOWLOADS page at [www.MinieriAssociates.com](http://www.MinieriAssociates.com)

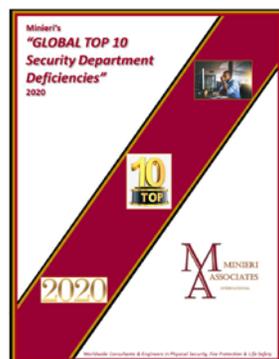

Minieri's "Global TOP 10 Security Department Deficiencies - 2020" briefly describes the author's most frequently encountered and most critical issues for improvement within security organizations based upon his career experience at well of 1000 facilities in 37 countries.

The second new white paper is titled Minieri's "Operational Security Paradigm" which he has described as "a graphic, top level snapshot of the required elements of constant operation in any Security Organization".
